

Pet Memorials

A best friend is not soon forgotten

The friendship the two of you have developed over the years simply won't be forgotten after your animal companion passes away.

Coldspring's collection of pet memorials, crafted of the finest granite and bronze, allows you to select the appropriate marker design, bronze emblem and inscription message for your beloved pet. Through Coldspring, we can also offer you the option of photo portraiture, a sandblasting process which preserves forever that friendly face.

Bench

- Preserve a Legacy
- Weather Protection
- UV Protection
- Dual Protective Finish
- Coldspring Promise

Preserving a legacy. Providing peace of mind. Strength over time and a beautiful finish — that's exactly what we promise with DuraFinish. Applied in two layers and custom-formulated exclusively for Coldspring, this unique finish, available in both matte and glossy, is designed to slow the natural oxidation of bronze, resulting in an attractive and natural patina on a memorial that stands up to the elements.

DuraFinish is true to its namesake, delivering durability that exceeds the United States Department of Veterans Affairs memorial standard specifications.
